8 Direction for writing manuscripts

① Manuscripts should be arranged as follows:

- (1) Title of paper, Author's: full name, and institution
- (2) Abstract (English and Japanese)
- (3) Keywords within five words
- (4) Text (Introduction, Materials and Methods, Results and discussion, in general)
- (5) References (Literature cited).

and on the others it follows with the style of recent issues of Bamboo Journal.

In case of foreign members, title of paper and abstract in English should be translated into Japanese by Editorial Committee.

② Manuscripts should be typewritten by 40 lines in 25mm margins of all sides within A4 sized paper.

③ Size of manuscript should not exceed in 10 pages of printed pages.

④ Tables, figures and photographs are not included into the text as a rule and those inserted locations should be indicated at the right margin at the same page.

⑤ In the text, references should be cited by author and year for example as "McArthur 1993". The list of References should be written by alphabetical order of authors. If there is more than one work by the same author or team of authors in the same year, a, b, etc. is added to the year both in the text and in the list of references.

Examples:

McArthur WM (1993) History of landscape development. In: Hobbs RJ, Saunders DA (ed.) Reintegrating fragmented landscapes, Springer, Berlin Heidelberg New York: pp 10-22

Begon M, Harper JL, Townsend CR (1996) Ecology: individuals, populations and communities, 3rd edn. Blackwell, Oxford.
